Hyperspherical polar analysis of bilocal particle model

On pp 160, 167, for $\gamma$ read $\gamma$.
On p 163, line 6 for $\gamma(\theta, \phi)$ read $Y(\theta, \phi)$.
Equation (13) should read

$$I = I_+ + I_- = \int |R_+ W_+ Y|^2 d\gamma_+ + \int |R_- W_- Y|^2 d\gamma_-.$$ 

On p 161 for $\gamma$ and $\gamma(\theta, \phi)$ read $Y$ and $Y(\theta, \phi)$ respectively.
On p 166 for $\gamma(\theta, \phi)$ read $Y(\theta, \phi)$.
On p 162 $W_2 \sinh \xi^{-(l+1)}$ should read $W_2 = \sinh \xi^{-2(l+1)}$.
On p 162 for $W_{G, l}(\xi)$ read $W_{C, l}(\xi)$.
On p 164 line 7, for $U_+$ read $U_+^\ast$.
In equation (18) read $q_\pm$ for $q_\ast$.
On p 165 line 12, for $q$ read $q_-^\ast$.
On p 168 in equation (31b) for $M^2$ read $M_-^2$.
Equation (39c) should read

$$M_+^2 = 8dN^2_0(N+\frac{1}{2}+l/2-D).$$

On page 170 for (Markov 1956) read (Shin 1963), and for Sternglass (1965) read Sternglass (1961).
On p 171, the sixth and seventh references are in Sov. Phys.—JETP 37.

We should like to point out that the author was in no way responsible for these errors.
