The editorial office regrets the following errors in this article.

- On page 1, left column, the tenth line should read as follows:
  ‘... long attracted scientific interest [1–9].’
- On page 2, left column, the second line should read as follows:
  ‘... (structural color can be found even in fossils [20]).’
- On page 10, left column, the 11th line should read as follows:
  ‘... LEDs (figure 18(c)) [86].’
- On page 10, right column, the 15th line should read as follows:
  ‘... with moth-eye structures at low cost (figure 19) [97].’
