In the published article, equation (5) p 56, the following error has been detected.

In the original paper equation (5) reads

\[ k_{\text{sat}} = k_{\text{ir}} + \frac{(k_{\text{HM}} - k_{\text{ir}})^2}{k_{\text{HM}}(1 - \varnothing + \varnothing \frac{k_{\text{sat}}}{k_{\text{ir}}}}. \]

This should be replaced by the following equation:

\[ k_{\text{sat}} = k_{\text{HM}} + \frac{(k_{\text{ma}} - k_{\text{HM}})^2}{k_{\text{ma}}(1 - \varnothing + \varnothing \frac{k_{\text{ma}}}{k_{\text{ir}}}}. \]
