1. Introduction

There is a misprint in equation (2) of the published article. It was published as

$$\frac{\mathrm{d}}{\mathrm{d}t}\left(\frac{3}{2}nek_BT_e\right) = P_d - \sum_i \frac{3}{2}n_e\nu_{mi}\left(\frac{2m_e}{M_i}\right)k_B(T_e - T_i) + \sum_l n_e k_l N_l \Delta\epsilon_l. \quad (2)$$

The correct appearance of equation (2) is as follows:

$$\frac{\mathrm{d}}{\mathrm{d}t}\left(\frac{3}{2}n_e k_B T_e\right) = P_d - \sum_i \frac{3}{2}n_e\nu_{mi}\left(\frac{2m_e}{M_i}\right)k_B(T_e - T_i) + \sum_l n_e k_l N_l \Delta\epsilon_l. \quad (2)$$
